

**MEMORANDUM
PLACER COUNTY HEALTH AND HUMAN SERVICES
Adult System of Care**

TO: Honorable Board of Supervisors

FROM: Richard J. Burton, M.D., M.P.H.
Placer County Health Officer and Director of Health & Human Services
Maureen F. Bauman, Director of Adult System of Care

DATE: July 11, 2006

SUBJECT: Membership changes to the Mental Health, Alcohol, and Drug Advisory Board

ACTION REQUESTED:

The Mental Health, Alcohol, and Drug Advisory Board respectfully recommends approval for:

1. The re-appointment of Tony Allinger as a Public Interest Member to Seat 9, District 3; and
2. The appointment of Eric Egli as a Public Interest Member to Seat 12, District 3.

BACKGROUND:

Tony Allinger's first term ended May 20, 2006. He has expressed a desire to be re-appointed to the Board for another term. Mr. Allinger has been an active participant on the Board since his appointment in May of 2003 and has served as the Chairman of the Alcohol and Drug Committee.

Eric Egli has requested a position on the Mental Health Alcohol and Drug Board as a Public Interest Member. Mr. Egli has a Ph.D in clinical psychology. He comes to the Board with experience in evaluating and treating post-traumatic stress disorder, worked as a behavioral science faculty member of a Family Medicine residency program, and worked in a hospital-based primary care clinic serving refugees, providing mental health care. As a member, he would like to contribute his experience in mental health care, particularly as it relates to cross-cultural and general health issues.

FISCAL IMPACT:

Members of the Mental Health, Alcohol, and Drug Advisory Board serve without compensation. This action has no fiscal impact to the County General Fund.

Attachment for page 2, application for Placer County Mental Health, Alcohol, and Drug Advisory Board

Professional and volunteer background:

While these are covered in my resume, I will point out my community activities in the past as a board member of the Cambodian Association of Minnesota for many years, and my activities with the Human Rights Commission in Roseville, MN.

Special areas of interest in mental health:

My special areas of interest include the interface of physical health with mental health, and cross-cultural mental health assessment and treatment. I also have extensive experience evaluating and treating post-traumatic stress disorder. Prior to coming to California, I was a behavioral science faculty member of a Family Medicine residency program in St. Paul. I was also working in a hospital-based primary care clinic serving refugees, where I provided mental health care alongside the primary care providers. I have continued the primary care based work here with Kaiser.

As noted on my resume, my dissertation concerned the mental health of the Cambodian population in Minnesota. I supported my Ph.D. program by working as a research assistant on a grant from the Office of Refugee Resettlement. I was part of a center organized to collect and disseminate information on the best strategies for addressing the mental health needs of recent refugee arrivals. My work with post-traumatic stress included the previously mentioned work with refugees, with veterans at the Veterans Administration, with burn survivors in a hospital burn unit, and at the Center for Victims of Torture in Minneapolis.

What I would like to accomplish as a board member:

I would like to contribute my experience in mental health care, particularly as it relates to cross-cultural and general health issues, to discussions and decisions made by the board. I also seek an opportunity to better understand the needs and resources of the community with respect to these and other issues. I am concerned about families that suffer when a family member has a mental illness and they encounter barriers to service that should not be there. I believe there is a chronic, underserved need for mental health care in the community, and setting priorities is a huge challenge.

From a selfish standpoint, I hope to network and get to know others with knowledge and experience addressing our community mental health concerns. I want to extend beyond the limits of my specific HMO and feel more a part of the general community of providers, consumers, and decision-makers dealing with mental health in Placer County.
